BANKERS-BANK OF BRITISH NORTH AMERICA TRICPORARY CTFICES-Columbia street, New West-Langley street, Victoria.

MLAING SUPERINTENDENT—GEO. ROBINSON, Esq.

This Company has been formed for the purpose of developing and working several extensive and valuable seams of Antiracite Coal lately discovered in Queen Charlotte Island.

At present this is the only mine of pure Antiracite Coal known to exist on the Pacific Coast, and from the large and increasing quantity required and shipped to San Francisco and other ports the discovery is one of great importance and value.

ke's.

The quality of the coal has been fairly lested.

The engineers of several of the etcomers have pronounced it to be of the very best quality; it has also been used by the proprietors of the foundries in the city of Victoria whose reports are an itexed, and declared by them to be equal if not superior to the best Pennsylvania Anthracite Coal

superior to the best Pennsylvania Antinactic Coal

The great sdvantage of the position of the mine cannot be brought too prominently to the notice of intending Sharcholders, its close proximity to the coast, together with its superior quality renders it of great value; also an easy access for vessels of any tonnage, a safe and commodious harbor perfectly sheltered and land locked with secure and good anchorage, will enable vessels at all seasons and weather to load at the Company's wharf.

wharf. There is a large demand for anthracite coal There is a large demand for anthracite coal to supply foundries, steamers, &c., &c., in San Francisco, Portland, Victoria and other ports, all of which has to be shipped from the Eastern States from Europe at a great expense, the selling price ranging according to quality from Sib to \$25 in some markets in others higher; the trade to Panama and along the Pacific coast will be open with Chiaa and Japan. The naval stations of England, United States of America, France and Russia, must necessarily consum; a large quantity.

Gout and Rhoumatism.

Will be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts. This treatment must be perseveringly followed for some time and duly assisted by powerful doses of Holloway's Pilla. The easence of these diseases hes in the blood, which has floating through each vessel the pairgiving poison which vittintes and inflames every tissue t comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty and rhoumatic maladies.

Both the Ointment and Pills about be used in the following cases:

BIRTHS, DEATHS, AND MARRIAGES

CONSTITUTIONAL CHANGES

Some time ago we published an ac count of a collision between the Lower and Upper Houses of Legislature in the Australian colony of Victoria. The Assembly saw the necessity of a certain tariff, introduced the measure and forwarded it to the Council. The members of the Upper House, however, threw out the bill, and the popular chamber, taking umbrage at the action, tacked the tariff measure on to the bill of supply, in the hope that the Upper House would, rather than bring Govent to a standstill, pass the obnoxiou bill. The Assembly was disappointed. The Upper House threw out the supplies, and the Executive was left without any funds. The occasion has given the English press an infinitude of room to comment on colonial constitutions, and show their inefficiency. In the colony of Victoria the Upper as well as the Lower House is elective; but while the latter is of triennial duration the former continues for ten years. There is even a further divergence from the Imperial system for unlike the House of Lords the number of members in the Upper House cannot be in creased; so that when there is a collision between the two branches of Legislature there is no safety-valve, and either a violent explosion or a total collapse is the result. In our present unsettled condition, when a new constitution for both colonies is, in all probability, claiming the attention of the Imperial Government, it may not be out of place to glance at our present as well as prospec-

tive relations with the Governor and the Upper House. The history of the last session shows u what a serious stumbling-block in a country's advancement is an irresponsible branch o government. A whole year's labor has been lost, and the representatives of the people are now engaged in the Sisyphean task of again rolling the stone up the mountainagain endeavoring to build up the edifice which the Council had so wantonly and almost malignantly destroyed. It would be difficult at this state of affairs to say what our progress in useful legislation shall be the present session; but we think we are safe in hazarding the conjecture that the people will insist on their voice being heard -- no matter what may be the result. It is possible there may be collisions with the Upper House there be, it will be the Council's own fault, and, in pure self-defence, we must push the Council to the wall. Everything nust now give way to public exigencies The monstrosity of a few well-paid public servants thwarting the will of the masters who pay them has been borne long enough the absurd outrage must cease. What the people of Vancouver Island, through their representatives, demand, as essential to the vell-being of the country, they must have. There can be no compromise-no half meas-There is a majority in the Assembly backed up by the people outside, who are determined that no further time shall be lost in placing on the statute book those measures for which the country has so long and so continuously yearned. If His Excellency should be so ill advised as to aid the Council in any factious opposition to the Assembly -or if the Upper House should, on its own responsibility, play the same game which destroyed the labors of the Lower House last session, we must only extract the langs of our destroyers. We hope, however, no such col- Buy me a Musical Box lision may occur. If Governor Kennedy is wise man it will not occur. If those sentiments of popular rights which found in him so warm an expounder when he first came to the colony, are not mere clap-trap thing to please the public ear, but earnest expresions of a sincere worker for the public good we shall have no discord between our branches of Legislature. The present is certainly no time to play at cross purposes, and no time to tamper with public patience Good legislation—popular legislation is required; and we hope that the "well-understood wishes of the people "-that hackneyed

and much abused term - will be carried out. It has been suggested as a remedy for ou constitutional difficulties, that both the Up per and Lower House should be made one and while union was necessarily farther from us than it is now we advocated the measure But, in the words of Abraham Lincoln, "i is a bad time to swap horses when you are crossing a stream." In our present "ex pectant" condition it would, we think, be highly injudicious to make any change in ou constitution. If the proper steps are taker we shall have, before the lapse of many months a united constitution from the hands of the Imperial authorities; instead, therefore, o spending time over temporary affair like the scheme suggested, the people of both colonies should be devising means to lay before the Home Government their ideas on the proposed change. In a few months the British Parliament will meet, and if we as well as the inhabitants of the neighboring colony want to secure ourselves against some hybrid arrangement, that will give the Gov. ernor in Council the virtual control, we had better be up and doing, and not waste valuable exertions on temporary makeshifts. AFFAIRS AT ACAPULCO -- A passenger by the Constitution informs us that they met a French steam corvette going out of Acapulco, said to be bound for Mazatlan, to bring down the 151st Regiment of French troops-of-the-line, one thousand strong, on the arrival of which they, with the forces at Acapulco, were going to attack the Liberal General Alvares, who occupied the passes and mountain fastnesses back of Acapulco. The latter is reported to have two thousand native troops, said to be indifferently armed. but capable of doing good service nevertheless. As Acapulco was completely cut off from the interior to the French, and the latfrom the interior to the French, and the latter hold the harbor agains; the Mexicans, there was no chance to get any of the usual supplies at Acapulco, the price of eggs being only four dollars per dozen, or, as our informant expressed it, he paid a dollar for three indifferently small eggs.—Alta.

HOLDOWAY'S OINTMENT AND PILLS are an in-dilable remedy for bad legs, and all kinds of wounds. The surpr sing sale of these invaluable medicines, in every art of the civilized world, is the most convincing proof of their efficacy. They speedily ente bad legs, old wounds, scrotula, and diseases of the skin. Thousands of persons suf-fering from these dreadful maladies have been cured by these medicaments, after every other means had failed; and it is a fact, beyond all doubt, that here is no ease, however obstituate, or however long standing, but may be quickly re-lieved, and ultimately cured, by these wonderful medicines. Their united action is resistible, More need not be said in their praise. Let those who doubt their excellence give them a cail. Holloway's Pills and Ointment.—In angry or indoient sores, and all skin diseases originating in impure or weak blood, or depraved secretions, the joint agency of Holloway's Pills and Ointment is perfectly irresistible. It is of little consequence how long these disorders may have lasted, or how stuggish and obstinate, or malignant they may seem, the daily application of the Ointment to the parts affected, and a course of these matchless Pills, will most certainly effect a cure, not temporary or superficial, but complete and permanent. Both the Ointment and Pills are composed of rare Balsams, unmixed with mercury or any other deleterious substance. They are, accordingly, as mild and safe as they are powerful and efficacious.

Holloway's Pills and Ointment—Diarthoos, Bowel complaints.—Whenever the stomach fails faithfully to perform its functions, indigestion is sure to be produced, the issue of which is ever uncertain. The undigested food, after passing through the sluggish stomach, irritates the bowels, and sots up Diarthea, by which it is carried off, and the body is relieved for a time. Perhaps this is the least objectionable product of disordered stomachs, though gradually it will pull down the strongest. To check the first symptoms nothing previously prescribed equals Holloway's Digestive Pills, aided by his Ointment, rubbed over the stomach and right side. Their action over the stomach and right side. Their action over the stomach and, liver and bowels, is immediate, and removing at one and the same time both the cause and the results of the diseases. HOLLOWAY'S PILLS—Liver Complaints.—Tho virtue of these incomparable Pills are fully appreciated in every part of the civilized world. As they act on the general system through the circulation, there are few diseases which they cannot cure; but they are capically efficacious in all the disorders of the liver. For those they are an indubitable specific. They possess unrivalled potency for good, while they cannot do harm. A child might physic itself with these Fills, and without the slightest danger, except from such excess as would make the most wholesome all ment in the world an evil. By reducing the superfluous bile, regulating its due secretion, and giving tore to the stomach, they effect a permanent and perfect cure.

Holloway's Pills are undeniably the fines medicine in the world for billousness and indigestion. In all cases of deranged stomach, determination of blood to the head, bile, sick headache, liver, and stomach complaints, there is no medicine known that will give immediate relief as these renowned Pills; young and old, rich and poor, patronize them, and so many cures are effected by their use, that their preise is sounded from the torrid to the frigid zone; in truth, persons who travel consider them a necessary requisite. In sultry weather or warm climates, or in India, the blood becomes overheated, the liver torpid, the skin covered with prickly heat, and the whole system languid and exhausted. Hollowa's Pills and Ointment.—Influenza, Colds-In diseases of the throat and chest, a prevalent; this country, nothing so specifiy relieves or secretainly cures as these inestimable romedies. Asso disorders are too often neglected at the enmencement; or are injudiciously treated, resuing in either case, in disastrous consequences. Thatever the condition of the patient Holloway's wideines will restore, if recovery be possible; thy will retain the alarming symptoms till the biol is purified and Nature consummates the cu, gradually restoring strength and vital nervouspower. By persevering in the use of Holloway's preparations, tone is conferred on the stomach and frame generally; the fluids are regenerated, norbife matter is expelled, and a happy revoluon occurs throughout the system

Ilollowan Ointment.—Wounds, Scalds, Burns, and Intating Sores.—The peculiarly mild, soothing, antinflammatory power exerted by this Ointment strogly recommends its use to all persons who hee charge of children. Accidents will occur in an enursery in spite of the greatest caution and unost vigilance. The scratch, the burn, or the cald, treated early with this Ointment, assume no angry aspect, and never long tortues the life sufferer, whose very cry excites each bystande's compassion and pierces the parents heart. Ivery nurse should consider this invaluable Oinment an essential to a well appointed univery. The Ointment is applicable to any ore, whateverits character. Holloway's Ointment and Pills—Palpitation, Shortness of Breath, Dropsy.—This last named disease is often preceded by irregular action of the heart, and difficult respiration which symptoms are always seven, and ever go from bad to worse, unless proper means of cure be resorted to. In Holloway's urrivalled Ointment and Pills' the dropsical patient will ever find succour; the present relief derived from the use of these,—encides is unreflously quick, and persentence in the steady application of his neble Ointment invariably results in a lasting and satisfactory cure. The two medicines at with such energy on the circulation and absociat system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms dail decline, till natural health returns.

Persons suffering from these sourges of the human frame should arrest their pogress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on undrecked, not only weaken the nervous system, but destroylife. The sooner these inestimable remelles are used the more certain is success; yet nmo shoul despair, lopeless cases have often yielded, another sufferer has been saved a painfil death. In exceptaints, a few applications of this healing Ointment effect a cure, while th l'Ills, emjointly used, are especially beneficial in relaxing and removing strictures, whatever heir situation or duration.

Hollowar'i Ointment ani Pills, a certain remedy for deeases of the kin—Ringworm soury, scroful, or king's evil sore heads, and the most invertate skin disease to which the tuman race issubject, cannot e treated with a more safe andspeedy remedy had to held with a more safe andspeedy remedy had to peculiarly on the constitution, and so purify the blood that those diseases are cradiented for the system, and a lasting ever is obtained. hey are equally efficacious in the cure of tumous, burns, scalds, glandular awelings, aleerous wunds, rheumanism, contractes and stiffjoints. These medicines operate mildly and surely. The ure effected by them is not temporary or appared only, but complete and permanent.

Holloway's Pills —No family should be without these pills. —Their long-tried efficacy in removing indigestion, stimulating the bowels, and purifying the blood, have secured them imperishable praise throughout the globe. Whatever the disease, a few doses will relieve the more urgent symptoms and thereafter completely control all disordered action, rouse the torpid liver, empty the engaged spleen, clause the obstructed kidneys, assimilate the food, improve the blood, and thereby confer on the brain and every function healthful vigour, natural activity, and wholesome regularity. In cases of indigestion, dinness of sight, headach, mental and physical lassitude, these restorative Pills act as a charm. They expel rheumatism and gout, while they inf-filibly correct female complaints in young and old, delicate and robust. HOLLOWAY'S PILLS AND OINTMENT-Stomach

HOLLOWAY'S OINTMENT AND PILLS—Acute Rheumatism. In all severe pains in the joints and muscles, after due fomentation with hot water, the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, case pain, reduce the swelling, restore the fracirculation, and expel the disease. In these sonn plaints, indeed, Holloway's Ointment and Pills are an infallible specific. The Ointment should be rubbed as near the part in pain as the patients can bear; it is absorbed and directly conveyed to the diseased textures, when, acting on nerves, essels, and guiders, it will arrest disease and sgain establish healthy action. The aperient and purifying qualities of the Pills have the happiest effect in assisting the Ointment.

HOLLOWAY'S PILLS.—General debility, low spirits, and nervous irritation, are the consequences of dyspepsia or indigestion. The Pills soon give tone to the stomach, renovate the digestive powers, purify the blood, and give strength to the whole system. Sluggishness of the body and depression of the mind are succeeded by a cheerful activity of the physical and mental functions. Indigestion is the parent of so many evils, and is so common, so universal a complaint, that it is a great blessing that such a remedy as this invaluable medicine should have been dissovered. No one need long suffor from indigestion with these Pills at nand.
